## International School

World-Class Singapore Education Model School

## The BIS Model

### International Curriculum

BIS adopts the Cambridge iGCSE international curriculum that is delivered with the Singapore approach to develop world-ready leaders.

### Global Experience

Exchange programs with premier schools in the region will provide students with a global outlook and a head start in developing regional ties.

### Leadership Development

BIS is specifically setup to develop more individuals who put others before self as they serve humanity.

### Advanced Pedagogies

BIS aspires to be a 21st century school that optimizes technologically advanced pedagogies in the classrooms.

### Education Best Practices

Best practices from Singapore Schools and other renown educational institutions form the building block of BIS.
